

Trend Micro Recognizes Top-Performing Partners at 2015 Global Partner Summit

DALLAS & PALOS VERDES, Calif.--([BUSINESS WIRE](#))--[Trend Micro Incorporated](#) ([TYO: 4704](#)) ([TSE: 4704](#)), a global leader in security software and solutions, today announced the recognition of its top-performing partners at the company's 2015 Global Partner Summit, Nov. 2-4, 2015, in Palos Verdes, California. Executives from Trend Micro's most successful worldwide channel partners, including cloud service providers, systems integrators, distributors and resellers from 45 countries around the globe, are attending the exclusive event to celebrate their successes over the past year.

"To ensure our customers stay ahead of next-generation threats, it is imperative they are equipped with the latest security solutions that fully protect sensitive information from intruders," said Partha Panda, vice president of global channels and alliances, Trend Micro. "Working together with our partners, we are able to provide the best options for each customer's unique security needs, and we would not be able to reach the numerous enterprises we do without their hard work and continued pursuit of success. The winners in each category exemplify what it means to be 'a Trend Micro partner' and we are proud to honor each one this year at the summit."

The Trend Micro Partner Program is designed to further enhance the productivity and profitability of its more than 35,000 channel partners worldwide by enabling them to more quickly and fully capitalize on the growing market for Trend Micro security solutions. The annual invitation-only summit is designed to equip top partners with the knowledge they need to further capitalize on the growing demand for Trend Micro solutions.

"Arrow's strategic alliance with Trend Micro continues to accelerate through our selection to be the only distributor for their Deep Discovery Evaluation Program, and our recent announcement as Trend Micro's sole North America Authorized Training Center," said Howard Goldberg, president global enterprise computing solutions business in North America, Arrow. "Arrow sees Trend Micro as a strategic security supplier throughout our North America and EMEA businesses for data center, cloud, endpoint, and breach-detection technology."

At the summit, Trend Micro honored nineteen of its top-performing channel partners:
