Acquisition addresses often overlooked cloud security fundamentals

DALLAS—BUSINESS WIRE — Trend Micro Incorporated (Nasdaq: TMDV; TSE: 4703; ) the global leader in cloud security, today announced it has acquired Cloud Conformity, an innovative Cloud Security Posture Management (CSPM) company. The acquisition instantly broadens the cloud services Trend Micro can secure and resolves often overlooked security issues caused by cloud infrastructure misconfiguration.

“Trend Micro’s strategy is built to ensure cloud security without disrupting how customers need to do business. This acquisition builds upon Trend Micro’s continuous innovation in cloud security, adding complementary capabilities that automatically identify and fix a range of cloud infrastructure configuration issues. It also optimizes costs and helps ensure compliance with leading industry regulatory standards such as PCI, GDPR, HIPAA and NIST.”
